## An aerial photograph of a mountainous region, likely in the Andes, showing a pink boundary line that follows a valley or riverbed. The terrain is rugged and covered in dense green vegetation. Several small red markers are visible along the boundary line, indicating specific locations or points of interest. The markers are labeled with numbers: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100. The markers are distributed along the boundary line, with some clusters and some gaps. The boundary line starts in the upper left, follows the valley, and ends in the lower right. The terrain is characterized by steep slopes and deep valleys. The vegetation is a mix of green and brown, suggesting different types of forest or scrubland. The overall appearance is that of a topographic map or a satellite image used for land management or research.
